The flex room is on your left, it is currently being used as a dining room, but has the flexibility of being a quiet reading area or home office. The Main floor laundry to your right, and second bedroom have access to the 2nd 4 pc bathroom on the main floor. Continue on to find the generous sized kitchen with a corner pantry and breakfast bar. There is an area at the back of the living space that is currently used as an office that has access to the garage, this area is separate from the main living area. If your kids are into sports etc, I can also see this being used as the perfect place to come in after the game and hang/store all of the hockey/sports equipment too. The garage is every mans dream. It is oversized, insulated, heated, has a sink and storage area that is separated from the main area. It also has access to the basement. It truly is a must see, rare opportunity.
